ASRF Members Club Permits Update

With many *LGC Cruisers* driving cars on club permits obtained by membership of the Australian Street Rod Federation, Peter Koning, Technical Advisory Committee Chairman issues updates from time to time. Here's his latest just in case you haven't seen it elsewhere.

The Club Permit Scheme is now fairly trouble free with the SR, H and M Plate systems well established and working as intended.

Then again we regularly get calls for help from members who have not received their renewals or have been told they have been cancelled by Vicroads so a few things to remember.

1/ You should get your renewals in the post anything up to 6 weeks before they are due. If you are the type who pays everything at the last moment then realise there is a rod run this weekend on the Thursday and you need a signature on the Friday, all well and good but if you find we are away for some reason your weekend run might not happen. So best not leave it to the last minute.

2/ You get a windscreen sticker that has the renewal date and its in your log book so if you dont receive your renewal by a week or two before its due then assume its lost and go into a Branch and get one printed off. This will save a last minute panic and the chance we might not be there to sign it.

3/ Make sure Vicroads have printed the correct Next Years date on the renewal, sometimes they accidentally print this years and then it wont get sent out when due. Make sure they have stamped the sticker that goes in the front of the log book with the oval stamp that shows you have paid. This is your backup in case they don't send next year's renewal and then try to tell you that you are expired.

4/ We have 3700 members in ASRF Vic and most have one or more Club Reg Car. Please be mindful that the Vic DC committee are volunteers with businesses to run and lives of their own, and on busy days we can get up to 40 phone calls and emails to help solve their problems. So please don't ring us too early or too late or during dinner, and please try to post your renewals with your \$10 fee and a stamped addressed envelope. Whilst a few locals are welcome you can't all come to our homes for signatures.

Keep the wheels turning.
