Please note that the Dromana Drive In does not allow dogs or BBQ's, so leave them home, but bring the portable radio to pick up the movies audio played on an FM band, along with the picnic gear, some munchies, blankets and deck chairs.

Like all LGC events, only pre '75 street rods, customs, muscle and chrome bumper classics will be admitted as participating entrants and be parked in Screen Viewing areas.

A Paddock Pass is a ticket to the same value as an entrant's ticket but allows entry in a non pre'75 car. However, the Paddock Pass ticket requires the driver to park in an area adjacent to the Drive In's main screen viewing areas. All passengers in the Paddock Pass car will have access to all the activities on the night, but you will not be parked where you can see the movie from the car. So bring along chairs and rugs to view the screen in an area reserved for you. Again, all Paddock Pass tickets must be pre purchased and none will be available for sale at the gate on the night.

Please note: Cars will be parked after processing through the Drive In gate in line with our well established pre '75/special interest classifications. If you have pre purchased an entrants' Screen Viewing' ticket with the intention of attending in your chrome bumper car, but actually come along in your daily driver, you will be directed to park in the adjacent Paddock, so if your circumstances change, please remember to pack some chairs to view the movie.
